## OCALA GATHERED ANOTHER GOOSE EGG

PITCHING OF MASON WAS TOO MUCH FOR OUR AMATEUR PLAYERS

The second of the series of ball games between Winter Park and Ocala, took place at the Magnolia diamond yesterday afternoon, resulting in a score of 8 to 0 in favor of the visitors.

The pitching of Mason, who is a pitcher on one of the "big" league teams, was too much for our amateur players and he had them at his mercy from the start. The occasional swats they did receive were unfortunate in landing just where a fielder awaited them.

Mason Warming Up Before Going to the Bat

The visitors made two runs in the first inning with Bishop in the pitcher's box. Bertram took the mound during the balance of the game, but the college boys proved too much for him also, landing on the ball for safe hits early and often.

Manager Hunter thought that the experience of being up against a good strong team would give Dinkins more confidence in his catching and put him in to handle Bertram's curves behind the bat.

The score: R H E  
Ocala . . . . . 0 0 0 0 0 0—0 3 4  
Winter Park . . . . . 2 0 2 2 0 0—8 9 0  
Batteries: Ocala, Bishop and Bul-

lock, Bertram and Dinkins; Winter Park, Mason and Taylor. Umpires, Messrs. Gerig and Izlar. Two base hits, Chazal and Will Hunter; walked by Bishop 1, Bertram 2; struck out by Mason 8, Bishop 1, Bertram 2; hit by pitcher, Taylor.

The Reason Bertram Couldn't Land a Hit

Manager Mason of the Winter Park team, in conversation with Manager Hunter, said that there seems to be no reason why Ocala should not have one of the major league teams here for practice next winter as we certainly have a first rate diamond.

Pitcher Taylor of the visitors had a bad day for accidents. He was hit on the ankle by a foul tip; another hit him in the commissary department; he was hit on the left wrist by a pitched ball by Bertram; in trying to steal third base he was between the two basemen, when the ball struck him back of the head. It took him some time to recover from this last lick, but he was up and doing behind the bat in the next inning.

Galloway, Dewey and Zewadski held up their part of the program in splendid shape when the opportunity offered.

Batts Trying to Locate What the Umpire Called Strikes

The threatening clouds which hovered over the scenery at the time the game was scheduled kept many away from the grounds and the attendance was small. The visitors commented tho on the crowd that did appear under the circumstances and said that Ocala had a loyal bunch of fans.

The locals were retired in almost one, two, three order by Mason all through the game. He is some pitcher and all around ball player. He is now engaged in coaching the Rollins College team for the season.

That Hunter boy from Winter Park is some fielder, and is no slouch with the willow.

Ocala's only near chance to score was in the sixth when Chazal made a two-base hit, and when he was caught between second and third this chance vanished as suddenly as it made its appearance.

The Ocala fans will regret that Davis' arm is out of commission and he may not be in the game for some time.

## DARING ATTACK OF GERMANS ON DUNKIRK

STRONG FORCE OF THEIR SHIPS IS OUT IN THE NORTH SEA

Paris, April 30.—German warships bombarded the French port of Dunkirk this morning, killing and wounding twenty-five people, mostly civilians.

Whether the German warships cleared from Zeebrugge or Heligoland is not known. A great sensation has been created and reports are again circulating that the main German fleet has been cruising in the North Sea.

### ROONEY HAS RETURNED

Isn't Able to Say Just When County Division Will Come Up

Secretary J. D. Rooney of the Marion County Board of Trade returned last night from Tallahassee, where he went just after the present session of the legislature convened to look after the interests of our county.

He reports that the county division bill for the formation of Bloxham county from portions of Marion, Levy and Alachua has been placed on the calendar and will be taken up when it is reached in the regular order of business.

When the bill comes up for final action the proper authorities here will be notified, and it is the present intention to send a delegation to the capital to frustrate the division scheme, as it does not seem to be a popular one in this county.

Just when the bill will be brought up it is impossible to say, as on some days many bills pass, while on others the entire day is consumed with arguments on one particular bill without any progress. Mr. Rooney says that the county divisionists are well organized in the capital city and are leaving nothing undone to gain their ends.

### GOLDEN SUNBEAM CAKE

The O. K. Teapot Grocery is carrying in stock a new product—Golden Sunbeam Cake—one of the most delicious ready baked cakes we have ever tasted as we can testify, having tried the sample that Mr. Harvey Clark, proprietor of the O. K. Teapot, brought to the Star office today.

This delicious cake is put up in neat packages, practically air and moisture proof, nine ounces net to the package and sells for 10 cents. The cake is made of the finest creamery butter and the freshest eggs and plenty of both are used to make it rich and yellow. The cake is iced with dainty white icing, made of the whitest of eggs and pure, granulated sugar.

Mr. Clark is carrying this cake in six varieties—white cake, chocolate, spice, yellow, yellow raisin and dark raisin. As the demand increases he will have a fresh supply come daily by express.

The cake is baked daily in Atlanta, in one of the most sanitary as well as latest cake factories or bakeries in the land. Its purity throughout is absolutely guaranteed and Mr. Clark is anticipating a great demand for the cake, as it is in a most handy package and will be always available for short notice calls.
